

## Setting up Google Colaboratory (CoLab) Environment

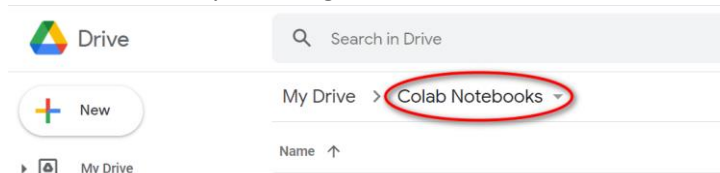

1. Go to <http://colab.research.google.com>.
2. Click on “NEW NOTEBOOK”.

3. Click on “File” → “Locate in Drive”

4. You will see that your Google Drive now has a new folder named “Colab Notebooks”

5. Now you can right click a notebook (.ipynb) and open with Google Colaboratory.
